

Più emergono particolari, più si fa inquietante il quadro generale. Decine di ditte, subappalti, operai stranieri in nero. Al di là delle cause del disastro, una giungla nella quale i diritti dei lavoratori e la loro sicurezza non sembrano davvero priorità. #Firenze

Things I wish I'd known sooner about large academic conferences: -You don't have to attend every session -You don't have to meet loads of people -Exploring the city you are in is okay to do and not a waste of time -You don't have to go to all dinners (eating in room is fine)

It turns out that the FDA, the agency that helps set drug expiration dates, has long known the shelf life of some drugs can be extended, sometimes by years. In fact, the federal government has saved a fortune by doing this.

Da più di 25 anni politica e informazione che in Italia si oppongono alle destre lo fanno con le stesse formule e gli stessi

toni e gli stessi approcci: è dimostrato che non funzionano, anzi. O è pigrizia o è un deliberato e sterile gioco di ruolo, a cui piace essere minoranza.

Sono sul treno che va da Genova a Milano. Lo prendevo da ragazzo, per andare a fare teatro. Era il 1990, ci metteva un'ora e quaranta. Poi siamo andati su Marte. Il treno per Milano da Genova ci mette sempre un'ora e quaranta. Quello del 1990 era anche più bello, il treno.

Fifteen or so years ago when I started a Center for Entrepreneurial Journalism, I, too, thought the problem was business models. I was wrong. It is journalism. That is why I helped start Engagement Journalism. That is why I argue for more radical reinvention still.
